

SolePath

CHARISMATIC influencer

Your SolePath is your Sub-conscious self, and it is the reason you behave the way that you do. Your SolePath governs your behaviour and regulates your response to everything that impacts your life.

SolePath connects you with your gifts and greatness so that you can live with purpose and learn how to serve and make a difference in the world. Take a minute to prepare yourself metaphysically to read about who you were born to be.

Breathe in and breathe out, imagine that you are inside a shell, like the shell of an egg, and place your focus on this safe, exterior covering. Breathe in and breathe out, and express thankfulness for who you are, for your charismatic self and the life you are living. You are safe and All is Well.

Your SolePath is a braid of two LightPaths and one DarkPath. One of your LightPaths is Charismatic Influencer. Here's how it works ... Charismatic is the Category, which is the overall guide to how you interact with the world; Influencer is the SolePath, which reveals your gifts and greatness.

Your Charismatic Influencer is entwined with one other LightPath to reveal your special, individual and completely unique gifts; and your DarkPath, which is your place of personal growth.

As a Charismatic Influencer, your most effective learning comes when you take the time to review, reflect and observe. You are a visual learner who responds best when the learning is relevant to you and your life experience. While processing this information on your SolePath reflect back on your real life experiences; as a child, as a teenager, with your family, at work, in any other key life moments. Recall those moments when you felt connected to this Charismatic Influencer; and when you felt disconnected. It may be helpful to use visual reminders such as your photographs, or other images.

It will also add to your experience to not only read about your Charismatic Influencer but to watch the video and listen to the audio on SolePath.org.

Charismatic Category

Charismatics are the world's 'sparkle' people. You simply light up our world.

With your outgoing sensing and perception, just like a bat you are able to interpret the returning echoes from life. You respond to people, places and experiences by how you sense the world is responding to you. You use others as a mirror for yourself and have an innate sense of how people are reacting to you. You interpret the returning echoes and reflect back what you sense.

Your ability to judge situations keeps you safe because you are an incredible judge of character and you rarely make mistakes in your assessments. You get into difficulty when you don't trust this or allow the opinions of others to get in the way.

How does knowing that you are a Charismatic SolePath guide you?

SolePath gives a framework to your life; it is the compass for navigation and guidance and making the best decisions. SolePath is the means for navigation over the course of your lifetime. When faced with decisions about people, experiences and opportunities, your SolePath is your reliable guide to peace and joy.

The Guidance System for Charismatics is your Sensing. You can really, really trust your outgoing sensing and perception and your uncanny ability to read situations, people and experiences quickly and accurately. Remember you are greatly impacted by interactions with others and what is going on around you. Rely on your instincts and perception as you reflect back and respond to what you are sensing.

The Key Life Experience for you as a Charismatic is learning to *Understand your Energy*. SolePath uncovers the way that your Soul intended to experience this life and as a Charismatic you are learning to trust your outward sensing, like a bat when it is flying.

Insights into your Charismatic Key life Experience. You have an outward focus and are people centred. Your instincts and ability to perceive what is actually going on around you are impeccable. This sometimes gets a bit tangled up with what others think and feel about you – so understanding what is 'yours' and what it 'theirs' is very important to your sense of self and sometimes might be difficult for you to untangle. As one of the worlds 'sparkle' people you have big energy and understanding when it is appropriate to turn your light on or off, or when you can't be the centre of attention, is part of your life's journey.

Easy Tools for integrating your Charismatic Influencer into your life:

1. **Place your attention and focus onto yourself and from within your protective shell** assess people, experiences and opportunities. Really tune into your perception before allowing the opinions and energy of others to get in the way.

2. **The Key Communication Words for Charismatics are Sense and Reflect.** These are words that will help you to respond to life from your LightPaths, from your place of expanded energy. Here's how you and your loved ones can use these words to engage your LightPath instincts. Ask ...
 - What is being reflected here?
 - Am I reflecting someone else's truth, or is this my instinct? Is it 'mine' or 'theirs'?
 - What am I sensing?
 - Do I have a sense of the impact of my 'big' energy?

Simply using these LightPath or expanding energy words will put you in your light and help you interact and respond to life in a positive way.

3. **Taking Care of Yourself includes a focus on Self Image and Self Care.** You are self-confident and you look great and light up a room, so spending time and effort on your image is as fun as it is essential. Equally important is surrounding yourself with those who really understand your 'big' personality and having a safe haven where you can relax and turn your light off without judgment.

SolePath

CHARISMATIC influencer

A 'Sparkle' SolePath, I respond to the world through my perception of how you respond to me. My sense of self is governed by my interpretation of what you think of me – what I do and who I am.

Who am I?

I am called to get others to work with me to achieve my intentions for the greater good. I am called to inspire others to achieve goals that will make the world a better place for us all. I live in a world of exciting possibilities and can accomplish anything that captivates my interest. When I get excited, people get excited and work with me to achieve my goals. I am always able to persuade the right people to support my intentions. I am an in-charge person who is very believable and has the gift of the gab. To some, I may seem self-centered and manipulative as I can play any role to get what I want.

I know people, I understand people, I am interested in people. I have an exceptional ability to intuitively understand others in a very short space of time. I look at others and know how they can help me achieve my intentions.

I have a strong need to be independent and maintain control over my life. That's why I am better in my own business where I can decide what I will work on, rather than as an employee doing what others tell me to do. Some may feel that I have difficulty completing projects but when I lose interest it is impossible for me to stay involved.

I also need time alone to make sure that I am moving in the right direction. I only feel good when I am living an authentic life in line with my strong set of values.

What am I doing here?

My Joy comes from inspiring people to help me realize my intentions, which I believe are for the greater good of society.

I have a considerable intellect that I use to influence others. I am a respected member of my community; people look up to me and seek out my opinions and my support.
