

# INSPIRATIONAL manager

Your SolePath is your Sub-conscious self, and it is the reason you behave the way that you do. Your SolePath governs your behaviour and regulates your response to everything that impacts your life.

SolePath connects you with your gifts and greatness so that you can live with purpose and learn how to serve and make a difference in the world. Take a minute to prepare yourself metaphysically to read about who you were born to be.

*Breathe in and breathe out, place your hands and your focus on your adrenal glands, which sit on top of your kidneys (middle of your back on either side of your spine). Straighten your spine, then breathe in and breathe out, and express thankfulness for who you are, for your inspiring self and the life you are living. You are safe and All is Well.*

Your SolePath is a braid of two LightPaths and one DarkPath. One of your LightPaths is Inspirational Manager. Here's how it works ... Inspirational is the Category, which is the overall guide to how you interact with the world; Manager is the SolePath, which reveals your gifts and greatness.

Your Inspirational Manager is entwined with one other LightPath to reveal your special, individual and completely unique gifts; and your DarkPath, which is your place of personal growth.

As an Inspirational Manager, you are a visual learner who likes to see that you have accomplished something worthwhile. Your most effective learning comes when you apply what you have learned in practical situations, rather than simply the theory. While practically applying this information about your SolePath into your life, remember your real life experiences.

Remember those key moments when you have been connected to this Inspirational Manager; and when you have felt disconnected.

### Inspirational Category

**Inspirational**s are the world's role models. You respond to the world by wanting to fill a perceived need. As an Inspirational, you ask, "What does the world need and how can I provide it?" and "What do you need, and how can I help?"

You have an innate sense of responsibility to yourself, to others and to community, and look at what is needed by both individuals and the group at large. Inspirational SolePaths have the same role as the bones of the body; you provide the structure, the skeleton, the framework for society.

This does not mean that your own needs are lost in your desire to serve, but rather that through your personal learning and experience you feel great empathy with the needs of others and then take action. You inspire us by the way you live your own life and have a great capacity for getting things done to help others.

### **How does knowing that you are an Inspirational SolePath guide you?**

SolePath gives a framework to your life; it is the compass for navigation and guidance and making the best decisions. SolePath is the means for navigation over the course of your lifetime. When faced with decisions about people, experiences and opportunities, your SolePath is your reliable guide to peace and joy.

**The Guidance System for Inspirational**s is your ability to **See**. You can really, really trust your outward seeing. First you identify the need and then you see what needs to be done, you see how you can participate, you see what action must be taken. This Seeing fulfills your desire to serve, to get busy and to make a difference in the world.

**The Key Life Experience for you as an Inspirational is learning to *Trust your Seeing*.** SolePath uncovers the way that your Soul intended to experience this life and as an Inspirational you are learning to trust your sight.

**Insights into your Inspirational Key life Experience.** You have an outward focus and are learning to be relied upon and to have others look up to you. You are learning to trust your seeing of what needs to be done, and then taking the proper action. You have a clear moral compass and a great sense of right and wrong.

## **Easy Tools for integrating your Inspirational Manager into your life:**

1. **Place your attention and focus on your adrenals (middle of your back on either side of your spine) and straighten your spine** when making decisions about people, experiences and opportunities. Really tune into what you are seeing before you allow the opinions of others to get in the way.
2. **The Key Communication Words for Inspirationals are See and Look.** These are words that will help you to respond to life from your LightPaths, from your place of expanded energy. Here's how you and your loved ones can use these words to engage your LightPath instincts. Ask ...
  - What do I see?
  - What would I do if I could see the whole picture?
  - What would change if I looked up?
  - What would happen if I looked ahead?
  - Is this how I see or someone else's opinion?

Simply using these LightPath or expanding energy words will put you in your light and help you interact and respond to life in a positive way.

3. **Taking Care of Yourself includes Escape** from people and expectations. It is essential for Inspirationalists to sometimes get away from their responsibilities. This kind of escape can't be seen as a luxury for you as an Inspirational, it really helps you live in your expanded LightPath energy. Finding ways to have fun can be a challenge for you as one of the world's responsible role models, but it is vital to your self-care. Go ahead, have some fun, you are safe.

There are four Inspirational SolePaths, the Conformist, Humanitarian, Manager and Teacher.

### Manager SolePath

As an Inspirational Manager the greatest gift that you share with us is your extraordinary ability to get things done. You make and implement plans and are a great organizer, supervisor, delegator and participant. You are very competent and proud of your abilities; a little strong willed and always on the go. You really know how to move things forward.

### **Your Core Energy as an Inspirational Manager is: Implementation and Accomplishment.**

This Core Energy represents those positive core values deep within you that create an expansion of your energy; that create a positive outcome.

Being an Inspirational Manager means inspiring people and managing projects. You understand that people can't be managed but need to be inspired to get things moving forward.

**One of the greatest energy tools we can use in life is an "I Am ..." statement.** In ancient cultures, the word for God was the same as "I Am", that's just how powerful it is.

State:

**"I Am an Inspirational Manager"**

and read just how amazing you really are.

*I respond to the world through my perception of what I think is needed by the group at large. What do you need and how can I help? Inspirational SolePaths have a deep sense of responsibility to the community and are role models for others.*

### **Who am I?**

Mine is the 'organizer' SolePath. I am at my best when I am organizing, supervising, delegating and participating. I make plans and get them implemented. I am reliable and I easily organize others and develop ways to get things done in a systematic and efficient way.

I know that I am good at what I do; I have a deep confidence and am proud of my abilities (although some may see it as arrogance). I am strong willed and this may seem dictatorial – it's just that I know what the next move is and want it done properly.

I am always on the go and tend to spread myself too thin. I need to get others involved when I get overwhelmed, but this is sometimes difficult for me. I see the perfectionist in me – I demand a lot from myself and from others – but I just have to let others get on with it. I know this about myself and make a concerted effort to positively reinforce what others are doing and try to steer clear of noticing the negative.

### **What am I doing here?**

My Joy comes from making plans and getting them implemented – any intentions will do. I can clearly see what needs to be done to move things forward; I always know what the next step is and can anticipate what is needed.

I love autonomy and spend a lot of time creating good plans. Having taken the time and done the work to figure out how to proceed, I need people to commit and get on board.
