Your SolePath – your Energetic Personality Profile?

Your SolePath is a braid of two LightPaths and one DarkPath.

Your LightPaths are often something that you have to reach a little harder for; something that might take you out of our comfort zone, but is ultimately so joyful, fulfilling, and exciting.

Your DarkPath is a mastered skill, something you are very familiar with that has a 'been there done that' energy about it, and often feels unfulfilling and frustrating.
